WFCU Credit Union Certified as a Great Place to Work[®] and Named a Best Workplace[™] in Canada

Windsor, ON – Today, WFCU Credit Union is excited to announce that they have been certified as a Great Place to Work[®] and named 29th on this year's Best Workplaces[™] in Canada list for businesses with 100-999 employees.

"What makes these distinctions so meaningful is that they were made possible because of our staff," explains Eddie Francis, President and CEO, WFCU Credit Union. "In order to be awarded these titles, staff has to provide their feedback and opinions on our company and our culture. It gives me great pride in knowing that our staff feels valued, appreciated and that they consider WFCU Credit Union a great place to work."

The 2019 Best Workplaces[™] in Canada list is compiled by the Great Place to Work[®] Institute. The competition process is based on two criteria: two-thirds of the total score comes from confidential employee survey results and the remaining one-third comes from an in-depth review of the organization's culture. This offers a rigorous representation of the organization from an employee perspective, and an overall portrait of the workplace culture. Together, they provide crucial data relative to five trust-building dimensions: credibility, respect, fairness, pride, and camaraderie.

"Our philosophy has always been to hire the best, treat them well and see them stay," says Marty Gillis, Chair, WFCU Credit Union, "these distinctions indicate that we're living up to our philosophy and exceeding our employees expectations."

Through WFCU Credit Union's leading compensation and benefits package, extensive training and development opportunities, and top rated wellness program they continue to put their staff at the forefront of their business model; understanding that the company's success is a direct representation of their employees' success and satisfaction.

This year's list received over 400 registrations and over 80,000 employees participated in the 2019 "Best Workplaces[™] in Canada" survey, rolling out to impact over 300,000 Canadian employees.
